

**SOA BANDS HANDBOOK**  
**STUDENT AND PARENT / GUARDIAN**  
**ACKNOWLEDGEMENT AND ACCEPTANCE**

The purpose of the Handbook is to clearly communicate to students and parents/guardians the expectations of the Band Program throughout the school year. The Handbook contains important information about everything from fees and uniforms to behavior and activities necessary to prepare for college. However, none of this means anything unless the information is read, understood and appropriately acted upon.

To that end, part of the requirement of participation in the SOA Band Program is for both student and parent to acknowledge in writing that they have received, read, understand and agree to support the criteria set forth in the Handbook.

This is your Band and requires your active involvement and support...both student and parent/guardian.
